Ranchview Rd. Pedestrian/Bike Lane  
Summary

- This Pedestrian/Bike Lane would provide access and a safety corridor between the newly installed Hulen Street sidewalk and the Overton Park Trail system.
- Since the completion of the Chisholm Trail toll road, Ranchview Road has become a major "cut-through" between Hulen/Bellaire/Overton Park West.
- These New Pedestrian/Bike Lanes provide needed separation of the growing automobile traffic from the growing Pedestrian access, as residents utilize the City's growing infrastructure.
